

Chief Technology Officer (CTO)

We are seeking a talented Chief Technology Officer (CTO) to join our team. The ideal candidate should have extensive experience in developing and managing web-based applications, dynamic and database-driven websites. As a CTO, you will be responsible for developing and implementing technical strategies to support our business objectives.

Key responsibilities:

- Lead the development of new products and features from ideation to launch, ensuring they are delivered on time, within budget, and to a high-quality standard.
- Collaborate with the leadership team to identify and prioritize technical requirements and initiatives that will drive business growth and success.
- Develop and manage a high-performing technology team, providing mentorship, coaching, and support.
- Drive the adoption of best practices, methodologies, and tools for software development, testing, deployment, and maintenance.
- Develop and maintain relationships with third-party technology vendors and partners.
- Monitor industry trends, evaluate emerging technologies, and recommend new technologies that can benefit the business.

Requirements:

- Bachelor's or Master's degree in Computer Science, Software Engineering or related field.
- 10+ years of experience in software engineering and development, including 5+ years in a CTO or senior technical leadership role.
- Demonstrated experience in web-based application development, dynamic and database-driven website management, and cloud-based technologies.
- Proven track record of delivering complex software projects on time and within budget.
- Experience in leading, coaching, and mentoring technical teams.
- Strong problem-solving skills and ability to provide creative solutions to complex technical challenges.
- Excellent communication skills, both written and verbal, and ability to communicate technical concepts to non-technical stakeholders.

If you believe you meet the above requirements and are excited about the opportunity to drive technical innovation and growth in a dynamic and fast-paced environment, please get in touch with us. We look forward to hearing from you.
